PROFILE

Dynamic and self-motivated Frontend Developer with a strong foundation in HTML, CSS, and JavaScript, acquired through comprehensive self-study and hands-on experience. I've cultivated a keen eye for design and a deep understanding of user experience principles. Proficient in responsive design and modern frontend frameworks, I am adept at turning concepts into engaging, intuitive interfaces. With a commitment to continuous learning and a portfolio showcasing a variety of projects, I am eager to contribute my skills to innovative teams in the tech industry.

WORK EXPERIENCE

- Project Name: [cloud hosting]
  - Utilized [Next.JS, SQL, Prisma, Axios, JWT, Bcrypt, Zod]
